✦ E/5 Buron Epinmi Akoko, Ondo State, Nigeria

PROFILE SUMMARY

Dedicated and detail-oriented Biochemistry graduate with hands-on experience as a Medical Laboratory Assistant. Skilled in specimen handling, diagnostic testing, and routine laboratory procedures. Strong understanding of laboratory safety, equipment operation, and result verification. Committed to accuracy, efficiency, and supporting quality healthcare delivery.

EDUCATION

Bachelor of Science (B.Sc.) in Biochemistry - Graduated with Second Class Lower Division

Kwara State University

2020 – 2024

Secondary School Certificate (SSCE)

Awodua Grammar School

2007 – 2013

WORK EXPERIENCE

Medical Laboratory Assistant

General Hospital, Ipe Akoko, Ondo State

6 Months Experience

- Performed diagnostic tests including blood analysis and urinalysis
- Collected, prepared, and processed clinical specimens
- Assisted with operation, calibration, and maintenance of laboratory equipment
- Ensured accuracy and completeness of test results before reporting
- Followed standard operating procedures and safety protocols

Medical Laboratory Assistant (Intern)

General Hospital, Ipe Akoko, Ondo State

June 2022 – November 2022

- Supported senior laboratory scientists in routine diagnostic procedures
- Assisted in sample collection, labeling, and documentation
- Gained proficiency in handling lab tools and chemicals
- Helped maintain clean and safe laboratory environments

KEY SKILLS

Technical Skills

- Laboratory Diagnostics
- Clinical Specimen Collection & Handling
- Hematology, Microbiology, and Biochemistry Test Procedures
- Laboratory Equipment Operation, Calibration & Maintenance
- Sample Preparation (centrifugation, staining, pipetting techniques)
- Data Recording & Basic Laboratory Information Management
- Result Verification, Interpretation & Reporting
- Knowledge of Laboratory Safety, Biosafety Levels & Waste Disposal
- Quality Control and Assurance Procedures
- Basic Computer Skills (MS Word, Excel, Email Documentation)
- Use of Laboratory Tools (centrifuge, microscope, spectrophotometer)

Soft Skills

- Strong Attention to Detail
- Good Communication and Team Collaboration
- Problem-Solving Ability
- Time Management
- Adaptability in Fast-Paced Environments
- Quick Learner with Strong Work Ethic
- Professional Conduct and Confidentiality
- Ability to Work with Minimal Supervision

ACHIEVEMENTS

- Earned Second Class Lower (B.Sc. Biochemistry) from Kwara State University
- Successfully completed 6-month laboratory assistant experience with consistent accuracy in diagnostic procedures
- Maintained 100% compliance with laboratory safety protocols during internship
- Recognized by senior laboratory staff for reliability and precision in specimen handling
- Demonstrated consistent improvement in test turnaround time during internship
