PERSONAL PROFILE

A Civil and Environmental Engineering graduate who is passionate about life, energy and environment. I have a deep passion for solving problems that can help improve everyday life. As I look forward to applying the knowledge I have garnered in both Civil Engineering and field of Engineering to solving complex life, energy and environment problems.

EDUCATION

University of Lagos, Akoka, Lagos January 2019 - August 2025
Bachelor of Science in Civil Engineering

WORK EXPERIENCE

Site Engineer and Project Manager June 2026 - Present
Aidafields Africe Limited, Lagos

- Supervise and coordinate interior construction and decoration works on site. I ensured safe working
- Interpret drawings, designs, measurements, and specifications for proper execution.
- Monitor workmanship, materials, quality, and compliance with project standards.
- Coordinate artisans, contractors, suppliers, and other site activities.
- Prepare site reports, track progress, identify issues, and ensure timely project completion.
- Conduct site measurements and ensure accurate setting-out of interior elements.
- Monitor material usage, deliveries, and wastage to support cost control.
- Ensure site safety, maintain proper documentation, and report defects or project variations.

Pipeline Engineering Intern September 2023 - February 2025
Gasfleet Engineering Limited, Lagos

- Supervised clearing and stringing of 700 metres spur line project and I was able to achieve 150% daily productivity.
- I ensured safe working environment as an HSE (Health, Safety and Environment) crew.
- I carried out pressure testing on the production pipe so as to test pipe integrity.

Goldenfingers and Palms Limited March 2022 - Sept 2023
Ejigbo, Lagos

- I assisted company experts in planning and design activities for major construction projects.
- Conducted feasibility studies and drafted technical documentation which led to 92% project success rate.
- I ensured safe working environment as an HSE officer which led to minimal of 2% accident rate on site.
- Supervised the placement of formworks, and casting processes ensuring the stated concrete mixing ratio by the structural engineer is followed appropriately.
- I interpreted structural drawings, and MME drawings and transferring them to on-site substructures.

LEADERSHIP AND VOLUNTEERING EXPERIENCE

Freshers' Orientation Chairman September 2023 - Dec 2023
Muslim Students' Society of Nigeria, University of Lagos, Lagos

- Successfully oversaw all aspect in planning and executing a high-profile freshers' week.
- Optimized resources, coordinated stakeholders and implemented efficient logistics strategies.
