SUMMARY

I am a diligent and proactive individual with a strong skill set and genuine enthusiasm for nature. Equipped with advanced analytical and logical reasoning abilities, I am adept at meeting deadlines with initiative. I demonstrate unwavering integrity, accuracy, honesty, and punctuality. I am proficient in MS Word, MS Excel, PowerPoint, and RStudio. Additionally, I have completed a Google Analytics course to enhance my skills in data analysis. As an environmentalist and conservationist, I am passionate about making a positive impact on our natural world. My personal interests encompass reading, researching, advocating, traveling, networking, and teaching.
