ADEBOMI STANLEY OLANREWAJU

IT Infrastructure & Cybersecurity Leader | Cloud & Network Solutions Expert

Lagos, Nigeria • lanrestanley@yahoo.com • +234 806 830 3285

PROFESSIONAL SUMMARY

Results-driven IT professional with 17+ years of experience delivering enterprise-grade infrastructure, cybersecurity, and cloud solutions across the financial services sector. Proven track record as both an individual contributor and team leader, with hands-on expertise in cloud migrations (Azure, Microsoft 365), network security, systems administration, and IT governance. Holds multiple international certifications including IBM GRC & Data Privacy, ISO/IEC 27001, and ITIL V4. Experienced working with global teams and cross-functional stakeholders. Seeking remote or international roles where I can drive digital transformation and security excellence.

CORE COMPETENCIES

Cloud & Infrastructure	Cybersecurity & Compliance	Networking & IT Management
• Azure Cloud Migration • Microsoft 365 / Exchange • VMware vSphere & Hyper-V • Windows Server 2008–2022 • Data Centre Management	• ISO/IEC 27001 ISMS • Vulnerability Assessment & VAPT • Network Security (Sophos/Cyberoam) • IBM GRC & Data Privacy • Disaster Recovery & BCP	• LAN/WAN/VPN Design & Support • Active Directory & WSUS • ITIL V4 Service Management • JIRA Service Desk / PRTG / WhatsUp Gold • PowerShell Scripting

WORK EXPERIENCE

IT Project Engineer

Weblink Technologies Nigeria Limited | Feb 2024 – Present | Lagos, Nigeria (On-site / Remote)

- Lead IT project management and consulting engagements for clients across multiple sectors.
- Design and deploy CCTV surveillance, access control, and time attendance systems.
- Deliver ICT training and management consulting services to corporate clients.

Head of MIS / IT

Thrive Microfinance Bank (Formerly Nnew Women's Microfinance Bank) | Nov 2022 – Jan 2024 | Lagos, Nigeria

- Oversaw all IT operations including core banking platforms (BankOne, ErrandPay) across multiple branches.
- Established IT policies and governance frameworks aligned with board and management strategy.
- Led cloud migration from CPanel mail to Microsoft 365 Exchange Online — delivered on schedule.
- Managed LAN/Wireless networks, disaster recovery, data security, and vendor relationships.
- Provided Tier-2/3 technical support and managed backup and security systems organization-wide.

Deputy Head of IT

Asha Microfinance Bank Nigeria | Sept 2020 – Oct 2022 | Lagos, Nigeria

- Developed and executed ICT deployment plans; led and mentored the IT team of engineers and support staff.
- Collaborated with global team leads to improve and implement new workflow processes.
- Managed full infrastructure stack: networks, servers, storage, antivirus, IP telephony, video conferencing.
- Conducted business requirements analysis across all departments and translated findings into tech solutions.
- Participated in Vulnerability Assessment and Penetration Testing (VAPT) for the bank.

- Owned IT asset documentation, change management, procurement approvals, and SLA tracking.

Systems Administrator / IT Service Desk Coordinator
AB Microfinance Bank Nigeria | Jan 2011 – Sept 2020 | Lagos, Nigeria

- Led JIRA Service Desk for 14 Lagos branches — managed SLAs, ticket handling, and resolution workflows.
- Administered Exchange Server 2010/2013 and Active Directory enterprise-wide; deployed DAG configuration.
- Deployed and managed virtualization infrastructure using VMware vSphere and Microsoft Hyper-V.
- Wrote PowerShell scripts to automate management of servers, workstations, WSUS, and group policies.
- Supported 400+ endpoints across branches via Point-to-Point WAN links and PRTG/WhatsUp Gold monitoring.
- Implemented Disaster Recovery and Business Continuity (BCP) plans including bare-metal and AD backups.

IT Systems Administrator / Support Officer
Eko Supreme Resources Nigeria Limited | Jun 2010 – Dec 2010 | Lagos, Nigeria

- Administered 8 servers including RDS, Domain, Mail, Citrix, SAP, Antivirus, Payroll, and Fingerprint servers.
- Managed Active Directory, Cyberoam, Windows Server 2003/2008, and MDaemon email configuration.

Head of Information Technology
Citigate Microfinance Bank | Nov 2007 – May 2010 | Lagos, Nigeria

- Led all IT operations including server administration, network management, and core banking software (MaxiSoftCB).
