

ADELEKE TAOFECK ALABI

ELECTRICAL & ELECTRONICS ENGINEER • INDUSTRIAL MAINTENANCE & TECHNICAL SUPPORT

Ilorin, Kwara State • +234 814 658 8057 • adeleketaofeekdaramola18@gmail.com

PROFILE SUMMARY

Electrical and Electronics Engineering graduate with hands-on experience in industrial and commercial electrical installation, equipment maintenance, and fault troubleshooting — including current work maintaining an electric forklift fleet in a high-volume bottling plant. Skilled at interpreting electrical designs, diagnosing faults, and following safety and quality procedures to keep operations running smoothly. Reliable, detail-oriented, and comfortable working as part of a multidisciplinary technical team.

EXPERIENCE

Technician, Bisedge Limited (Nigerian Bottling Company, Owerri)

APRIL 2026 - PRESENT

- › Carry out maintenance, troubleshooting, and preventive maintenance on the company's fleet of electric forklifts, minimizing equipment downtime.
- › Diagnose and resolve electrical and mechanical faults on forklift equipment to keep plant operations running smoothly.
- › Perform routine inspections and scheduled preventive maintenance to extend equipment lifespan and ensure safe operation.
- › Maintain accurate maintenance and service records for assigned equipment.

Site Engineering Intern, TUNAK Technologies Limited, Abuja

2021 - 2022

- › Collaborated with a multidisciplinary team of engineers and technicians to oversee and execute complete conduit electrical installations, ensuring all tasks were completed efficiently and met safety standards.
- › Worked closely with senior site engineers to interpret electrical designs, transforming blueprints into actionable on-site tasks that aligned with project goals.
- › Provided hands-on support in troubleshooting and resolving electrical system issues, contributing to the smooth operation and timely completion of projects.
- › Assisted in the documentation and reporting of project progress, ensuring accurate records were maintained for future reference.

Volunteer, Say No to Drugs Campaign, Osogbo, Osun State

2021

- › Advocated against drug abuse by engaging with students and the public, delivering presentations and distributing educational materials to raise awareness about the health risks of drug misuse.
- › Collaborated with other volunteers to develop campaign strategies that effectively communicated the message to a broad audience.
- › Participated in the distribution of educational resources during seminars and community events.
- › Assisted in evaluating the campaign's effectiveness, gathering feedback and recommendations for future outreach.

Intern, Kwara State Ministry of Energy, Ilorin, Kwara State

2020

- › Assisted in the research and development of energy-related projects, compiling reports and data analyses to support the Ministry's initiatives.
- › Contributed to the formulation of new policies aimed at enhancing energy management and efficiency within the state.
- › Provided technical support across data collection, analysis, and implementation of energy projects.

- › Participated in stakeholder meetings and briefings, offering research-based insights to inform decision-making.

Laboratory Assistant, *University of Ilorin, Ilorin, Kwara State*

2018 – 2020

- › Monitored laboratory supplies, equipment, and chemical inventory, ensuring timely procurement and availability of materials.
- › Collaborated with fellow lab assistants to manage receipt, labeling, storage, and proper disposal of samples.
- › Assisted in setting up laboratory equipment for student practical sessions ahead of time.
- › Supported experiments and report preparation, helping document findings for ongoing research projects.

Trainee, *Esan Ibeyemi & Company Limited, Ibadan, Oyo State*

2014 – 2017

- › Gained extensive experience in industrial and commercial electrical installations, participating in practical assessments to build technical skills in maintenance and installation.
- › Trained extensively in conduit piping, trunking, surface wiring systems, and electrical maintenance on real-world projects under senior engineers.
- › Engaged in data collection related to energy production, consumption, and distribution to support data-driven decisions.
- › Assisted in the installation and maintenance of electrical systems, ensuring work met industry standards and safety regulations.

EDUCATION

B.Eng Electrical and Electronics Engineering, *University of Ilorin, Ilorin, Kwara State*

2016 – 2023

Senior Secondary School Certificate, *Amao Model College, Ibadan, Oyo State*

2007 – 2013

TECHNICAL SKILLS

- | | |
|--|----------------------------------|
| › Microsoft Office Suite (Word, Excel, PowerPoint) | › Administrative Support |
| › Electrical & Electronic Fault Troubleshooting | › Documentation & Record Keeping |
| › Equipment Maintenance & Preventive Maintenance | › Social Media Management |
| › Reading & Interpreting Electrical/Electronic Designs | › Google & Facebook Advertising |
| › Project Management | |

INTERPERSONAL SKILLS

Active Listening, Conflict Resolution, Stakeholder Engagement, Empathy, Patience and Tact, Flexibility, Teamwork, Task Prioritization, Customer Service, and Attention to Detail.
