

# AHMAD AHMAD

+2347051182970 | [ahmadawelenje@gmail.com](mailto:ahmadawelenje@gmail.com) | Ibadan, Oyo State.

## PROFESSIONAL SUMMARY

Detail-oriented Industrial and Environmental Chemistry graduate with practical experience in quality control, laboratory operations, and scientific analysis. Demonstrated ability to inspect water samples to WHO standards, maintain accurate scientific records, coordinate laboratory sessions, and communicate findings clearly. Equally effective working independently and within cross-functional teams. Brings a proactive mindset and strong problem-solving discipline to every task, with a track record of taking initiative and delivering results in structured, compliance-driven environments.

- plant, verifying compliance with WHO drinking water quality standards and applicable labelling regulations.
- Performed systematic data review of quality test records, identified deviations from standard parameters, and applied corrective procedures in line with established operating protocols.
- Documented all inspection findings and test outcomes with precision, maintaining a comprehensive log that supported traceability and audit readiness.
- Collaborated with plant operations staff to flag out-of-specification batches promptly, helping to prevent non-compliant water from advancing through the distribution chain.
- Gained hands-on proficiency in analytical testing techniques and quality assurance frameworks applicable to water treatment and environmental monitoring.

### **Sales Manager and Consultant**

Oct 2018 – Nov 2019

Excel Educational Consultancy, Agodi, Ibadan, Oyo State

- Delivered one-on-one and group consultations to students on study strategies, time management, and exam preparation techniques, contributing to measurable improvements in student engagement and performance.
- Monitored and analyzed financial performance data including sales figures, operating expenses, and budget variances, producing periodic reports to inform management decisions.
- Managed client relationships and maintained consistent follow-up with prospective customers, supporting lead conversion and client retention for the consultancy.
- Coordinated day-to-day sales activities, ensuring service delivery targets were met and customer concerns were resolved promptly and professionally.

### **LEADERSHIP & ADDITIONAL EXPERIENCE**

---

- Production Coordinator and Manager, Department of Chemical Sciences, Fountain University (2022–2023): Oversaw the coordination of departmental production activities, managing timelines, resources, and team collaboration to meet set objectives.
- Disciplinary Officer, Fountain University Students Representative Council (FUSRC), 2022/2023: Administered fair and transparent disciplinary processes, upholding institutional standards and resolving student conduct matters impartially.
- Dawah Coordinator, Fountain University Muslim Students Society (FUMSS), 2020–2023: Planned and executed community outreach and educational programmes, developing strong skills in event organization, public speaking, and stakeholder engagement.

### **SKILLS**

---

**Technical:** Water quality analysis, physicochemical testing, sample preparation and processing, QC documentation, laboratory equipment operation, data review and interpretation

**Software:** Microsoft Office Suite (Word, Excel, PowerPoint), Canva

**Core Competencies:** Analytical thinking, attention to detail, time management, report writing, team collaboration, problem-solving, instructional delivery

### **CERTIFICATIONS**

---

- Jobberman Soft-Skills Training
- Noblekinmat Bioinformatics Training
