BIO

UI/UX and visual designer focused on turning user needs and business goals into clear, purposeful digital experiences. Experienced across product interfaces, responsive web and mobile experiences, branding, and digital visuals, with a strong focus on usability, visual hierarchy, accessibility, and thoughtful design details.

PROFESSIONAL EXPERIENCE

Apex Rock

UI/UX Designer & Visual Designer | Former

- Designed and maintained the company website, translating business needs into clear page structures, intuitive navigation, and polished responsive interfaces.
- Designed the mobile experience for the Schease app, working across user flows, wireframes, interface design, and high-fidelity screens.
- Created the company’s visual design assets and digital creatives, maintaining a consistent visual direction across its brand and product touchpoints.
- Balanced product design and visual design responsibilities to deliver cohesive experiences across web, mobile, and communication materials.

Freelance

UI/UX & Visual Designer

Igbo Pot: Designed a digital product concept rooted in Igbo culture and food, combining product interface design with culturally relevant visual direction.

Luxora Homes: Designed a real-estate digital experience with a focus on presenting property information clearly

information hierarchy and ease of navigation.

- Created consistent interface components and visual patterns to support a cohesive product experience across platforms.
- Translated product requirements into structured, user-focused screens and refined layouts through design iteration

Vecna Games

Graphic Designer | 2022–2024

- Created digital and visual assets using Photoshop, CorelDRAW, Illustrator, and Canva, building practical experience in visual communication and design production.

Sir Pee Digital Press Ltd

Designer | 2020–2022

- Produced print and digital design materials based on client requirements and developed hands-on experience in design production and visual communication.
