OBJECTIVE

Sharp and analytical Accounting professional ready to enter the corporate world to maximize the knowledge acquired during higher education years combined with enriching experience gained in associations and internships. Identified billing calculation errors and intervened in a client dispute and suggested changes to the original agreement retaining the largest account, with my years of experience in establishing and leading all aspects of accounting and finance operations of multinationals. Serves as a solid foundation and knowledgeable advisor throughout the financial decision-making process. Effectively analyzes financial data, recommends tools, systems, and accounting measures that drive profitable performance, limits costs, and significantly improves overall profit margins and cash flow. Excellent cross-functional management skills including working across multiple departments.
