

ADOMEH SAMSON JESUWAME

Pharmacology Graduate | Community Pharmacy, Pharmaceutical Sales & Industry Support
samsonadomeh661@gmail.com | +234 901 838 5389 ; +234 708 564 6848 | Lagos, Nigeria

PROFILE

Pharmacology, Therapeutics and Toxicology graduate (LASUCOM, CGPA 3.84) with direct community pharmacy experience in dispensary support, patient-facing sales, stock management, and point-of-sale operations, combined with pharmaceutical industry attachment exposure to manufacturing, quality assurance, and Good Manufacturing Practice (GMP) standards. Strong grounding in drug classes, dosage forms, and pharmacology enables confident, accurate patient and client interaction. Detail-oriented, dependable, and comfortable working independently or as part of a team in fast-paced, regulated environments. Seeking roles in pharmacy operations, medical/pharmaceutical sales, or pharmacy technician support.

CORE SKILLS

- Community Pharmacy Operations** — dispensary support, prescription handling, stock/inventory management, POS operations
- Pharmaceutical Sales & Customer Service** — patient/client-facing communication, product knowledge, upselling and relationship management
- Pharmaceutical Manufacturing & GMP** — exposure to formulation, quality assurance, and Good Manufacturing Practice standards (Pharmatex Industrial Limited)
- Drug & Disease Knowledge** — strong pharmacology, therapeutics, and toxicology foundation from B.Sc. training
- Research & Computational Drug Discovery** — AutoDock Vina, PyMOL, SwissADME, ProTox-3.0; systematic reviews (PRISMA); SPSS statistical analysis
- IT & Reporting** — Microsoft Office Suite (Word, Excel, PowerPoint); data cleaning and figure/table design

PROFESSIONAL EXPERIENCE

Community Pharmacy — Dispensary & Sales Support

2019 – 2022

Badagry, Lagos State, Nigeria

- Supported day-to-day dispensary operations, assisting with accurate handling and dispensing of medications under supervision
- Managed point-of-sale (POS) transactions and handled cash/card payments for walk-in customers
- Monitored stock levels, supported inventory reconciliation, and flagged low-stock and near-expiry items
- Provided front-line customer service, addressing routine product questions and directing complex queries appropriately

Pharmaceutical Industry Attachment

2025 – 2026

Pharmatex Industrial Limited, Lagos — Dispensing Unit

- Completed a mandatory two-semester curriculum attachment (PHA 316 & PHA 415), a graded, credit-bearing component of the B.Sc. programme
- Gained hands-on exposure to pharmaceutical manufacturing, drug formulation, and quality assurance workflows
- Observed and supported adherence to Good Manufacturing Practice (GMP) standards within the Dispensing Unit

RESEARCH EXPERIENCE

Undergraduate Dissertation Research

2025 – 2026

Department of Pharmacology, Therapeutics and Toxicology, LASUCOM | Supervisor: Dr. Sunday O. Ogundele (MBBS, M.Sc, FMCP)

Title: *In Silico Evaluation of Phytochemicals from Selected Nigerian Medicinal Plants as Potential Hepatoprotective Agents Against Drug-Induced Liver Injury*

- Conducted an independent, end-to-end computer-aided drug discovery (CADD) study, including molecular docking, ADMET profiling, and toxicity screening of phytochemical candidates
- Demonstrates rigorous, self-directed research capability and strong attention to detail — transferable to regulated pharmaceutical and clinical environments

EDUCATION

B.Sc. Pharmacology, Therapeutics and Toxicology

2022 – 2026

Lagos State University College of Medicine (LASUCOM), Ikeja, Lagos, Nigeria

Faculty of Basic Clinical Sciences | Current CGPA: 3.84 / 5.00 — Second Class Upper Honours

Senior School Certificate (NECO)

2022

Kankon Senior Secondary School, Badagry, Lagos State, Nigeria

9 subjects sat — all passed with credit or above. Chemistry: A1, Mathematics: B2, Physics: B3, English Language: C4, Biology: C4, Economics: C6, Agricultural Science: C4, Civic Education: C4, Fisheries: C4.

SCHOLARSHIPS & AWARDS

Stanbic IBTC University Scholarship	2022 – 2026
Merit-based annual scholarship awarded from 100 Level through 400 Level, renewal conditional on satisfactory academic performance each session. Total value: NGN 100,000 per academic session.
