PROFILE

Computer Science graduate with a Second Class Upper (2:1) degree and a passion for technology, creative design, and digital solutions. Skilled in UI/UX design, graphic design, motion design, Microsoft Office applications, and basic IT support. Experienced in customer service, document management, and delivering creative solutions during industrial training. Currently expanding my knowledge of front-end development while seeking opportunities to contribute, learn, and grow in a dynamic organization.

WORK EXPERIENCE

D-Xseptional Multi-verse 2024-2025
IT Intern

- Designed logos, flyers, posters, banners, and other visual materials for clients.
- Assisted customers by responding to inquiries and providing excellent customer service.
- Prepared, formatted, typed, and printed documents using Microsoft Word, Excel, PowerPoint, and Outlook.
- Performed administrative tasks including document management, typing, and printing.
- Collaborated with team members to ensure efficient and timely service delivery.

Projects

- Designed logos, flyers, posters, business cards, social media graphics, and promotional materials for various clients.
- Delivered creative designs tailored to clients' branding and marketing needs.
- Designed mobile and web application interfaces using Figma.
