- Working with the maintenance and production teams to ensure smooth plant operations.
- Following company safety procedures and maintenance standards.

AFRICAN NATURAL RESOURCES AND MINES LIMITED (ANRML/IOC)

CONTRACT OARS AND THE WIND

Position: Mechanical Maintenance Fitter

2023 – 2025

Key Responsibilities:

- Maintenance and repair of jaw crushers and cone crushers.
 - Inspection and maintenance of vibrating screens.
 - Troubleshooting mechanical faults and equipment breakdowns.
 - Carrying out preventive and corrective maintenance.
 - Checking bearings, shafts, couplings, gears, and other mechanical components.
 - Assisting with equipment installation, alignment, dismantling, and assembly.
 - Working safely with maintenance tools and industrial machinery.
- Supporting production teams to reduce equipment downtime.

TECHNICAL SKILLS

- Mechanical fitting and maintenance
- Industrial equipment troubleshooting
- Conveyor belt jointing
- Crusher maintenance
- Vibrating screen maintenance
- Pump maintenance
- Bearings and shaft replacement
- Equipment alignment and assembly
- Preventive and corrective maintenance
- Mechanical fault diagnosis
- Use of mechanical hand and workshop tools
- Industrial safety practices
- Teamwork and problem solving

PERSONAL ATTRIBUTES

- Hardworking and dedicated
- Reliable and responsible
- Safety conscious
- Good team player
- Ability to work under pressure
- Good problem-solving ability

- Willingness to learn
- Time conscious and disciplined
