Address: 8, shosanya street, Onipanu, Lagos state.

PERSONAL PROFILE

A highly organised and versatile professional with 5+ years of teaching experience and a strong academic background in Chemical Engineering. Possesses hands-on laboratory experience in quality control analysis within a pharmaceutical/therapeutic production environment. Demonstrates exceptional skills in teaching, guidance, counselling, and data interpretation.

Recognised for improving students' academic performance, simplifying complex information, ensuring compliance with safety standards, and maintaining professional integrity in both academic and laboratory settings. Dedicated to fostering learning, maintaining quality standards, and contributing to organisational growth.
