PROFILE

A civil engineer that is passionate to work in an organization, where I will instill my professional experience to foster the development of an institution. With a proven track record of academic, professional excellence and the ability to work collaboratively with teams. I am confident in my ability to succeed in a challenging and dynamic work environment. Also an excellent team player with a strong commitment to achieve specific goals through smart effort, professionalism, meticulous attention to details and a creative mindset of fostering positive interactions with clients, colleagues and stakeholders of the institution.

A sound professional with multidisciplinary competencies that cut across civil engineering, human resource management, health safety and environment and project management. I will instill my work experience, academic and professional knowledge to promote the vision and mission intent of the organization at large.
