Objective

Multidisciplinary Engineer with a Bachelor of Engineering (B.Eng.) in Civil Engineering and a Higher National Diploma (HND) in Electrical/Electronics Engineering (Electronics and Telecommunications Option). Possesses a strong foundation in civil infrastructure, building construction, telecommunications systems, electrical installations, project management, site supervision, quality control, and engineering documentation. Adept at working in multidisciplinary teams to deliver engineering projects safely, efficiently, and in compliance with industry standards. A fast learner with excellent analytical, problem-solving, and communication skills, committed to continuous professional development.

Experience

Madetech Construction

August, 2024 - August, 2026

PROJECT MANAGER

- ✓ Plan, coordinate, and manage construction projects from inception to completion.
- ✓ Develop project schedules, work programmes, budgets, and execution plans.
- ✓ Coordinate architects, engineers, consultants, contractors, subcontractors, suppliers, and site personnel.
- ✓ Supervise construction activities to ensure compliance with approved drawings, specifications, BOQs, and contract requirements.
- ✓ Monitor project progress against approved schedules and milestones.
- ✓ Manage project costs, budgets, variations, valuations, and payment certifications.
- ✓ Procure and coordinate the timely delivery of construction materials, equipment, and resources.
- ✓ Ensure proper allocation and effective utilization of labour, materials, machinery, and other project resources.
- ✓ Conduct regular site inspections and progress meetings.
- ✓ Monitor workmanship and ensure compliance with quality assurance and quality control requirements.
- ✓ Ensure compliance with health, safety, environmental, and construction regulations.
- ✓ Review and approve method statements, work plans, inspection requests, and relevant technical documentation.
- ✓ Identify project risks, delays, defects, and technical challenges and implement corrective measures.
- ✓ Manage changes, variations, claims, and scope adjustments throughout the project.
- ✓ Liaise with clients and provide regular updates on project progress, costs, challenges, and expected completion dates.
- ✓ Resolve conflicts and coordinate the activities of different construction trades to minimize delays and clashes.
- ✓ Monitor contractors and subcontractors to ensure performance in accordance with contractual obligations.
- ✓ Prepare and review daily, weekly, and monthly project progress reports.

- ✓ Ensure proper documentation and record keeping, including drawings, reports, approvals, inspection records, and project correspondence.
- ✓ Coordinate testing, commissioning, snagging, rectification, practical completion, and project handover.
- ✓ Ensure projects are completed within the agreed time, cost, quality, safety, and scope requirements.

Madetech Construction

January, 2024 - August, 2024

Electrical Technologist/ Assistant Project Manager

- ✓ Assist in planning, coordinating, and executing electrical and building construction projects.
- ✓ Interpret and review electrical drawings, schematics, specifications, BOQs, and project documentation.
- ✓ Supervise electrical installation works, including wiring, lighting, power distribution, earthing, generators, and other electrical systems.
- ✓ Coordinate electrical works with civil, structural, mechanical, plumbing, and other construction activities.
- ✓ Monitor contractors, subcontractors, artisans, and technicians to ensure work is carried out according to drawings and specifications.
- ✓ Conduct site inspections, testing, commissioning, and quality control of electrical installations.
- ✓ Identify and troubleshoot electrical faults and provide appropriate technical solutions.
- ✓ Assist the Project Manager in preparing work programmes, schedules, material requirements, and project reports.
- ✓ Monitor project progress, workmanship, materials, manpower, and equipment to ensure timely completion.
- ✓ Assist in quantity take-offs, cost estimation, procurement, and verification of electrical materials.
- ✓ Review contractors' work and assist in measuring completed works for payment and valuation.
- ✓ Ensure compliance with electrical standards, construction specifications, health and safety requirements, and approved designs.
- ✓ Attend site meetings and coordinate with clients, consultants, contractors, suppliers, and project stakeholders.
- ✓ Prepare daily/weekly progress reports and document site activities, inspections, variations, and technical issues.
- ✓ Monitor project risks, delays, variations, and technical challenges and escalate them to the Project Manager.
- ✓ Assist in managing project resources, including labour, materials, tools, and equipment.
- ✓ Support testing, commissioning, snagging, handover, and close-out activities.
- ✓ Maintain proper records of drawings, inspection reports, test results, material approvals, and other project documentation.
- ✓ Provide technical support to the project team and contribute to resolving site-related engineering problems.

Government Technical College, Ikole-Ekiti

July, 2022 - June, 2023

Teacher (National Youth Service Corps)

- ✓ Teaching assigned syllabus diligently
- ✓ Implement the designated curriculum completely and in due time
- ✓ Prepare and plan appropriately the assigned course
- ✓ Teach morals, values, and discipline
- ✓ Teach students with modern methodologies to help improve their critical thinking

Electrical Electronics Technician / Industrial Training

- ✓ Install and maintain electrical wiring, cables, conduits, distribution boards, sockets, switches, lighting systems, and other electrical components.
- ✓ Interpret electrical drawings, schematics, layouts, and specifications before installation.
- ✓ Carry out electrical installations for residential, commercial, and industrial buildings.
- ✓ Install and connect lighting, power outlets, generators, changeover systems, and other electrical equipment.
- ✓ Conduct electrical testing, inspection, and commissioning to ensure installations are safe and functional.
- ✓ Identify and troubleshoot electrical faults, short circuits, damaged cables, and equipment failures.
- ✓ Perform preventive and corrective maintenance on electrical systems and equipment.
- ✓ Coordinate electrical works with civil, mechanical, plumbing, and other construction teams to avoid clashes and delays.
- ✓ Ensure electrical installations comply with applicable electrical codes, safety standards, and project specifications.
- ✓ Supervise electrical assistants, artisans, and subcontractors during installation activities where required.
- ✓ Prepare material requirements and assist in estimating cables, conduits, fittings, and other electrical materials.
- ✓ Monitor the quality of electrical materials and workmanship delivered to the site.
- ✓ Maintain records of installations, inspections, testing, maintenance, and completed works.
- ✓ Enforce electrical safety procedures, including proper isolation, earthing, PPE, and safe handling of electrical equipment.
- ✓ Assist engineers and project managers in resolving electrical issues and completing projects within schedule.

Education

• OSUN STATE UNIVERSITY M.eng In Civil Engineering	IN-VIEW
• ADELEKE UNIVERSITY B.eng In Civil Engineering	2026
Federal Polytechnic, Ede Higher National Diploma In Electrical and Electronics Engineering	2020
Federal Polytechnic, Ede National Diploma In Electrical and Electronics Engineering	2016
Wesley College of Science West African Senior Secondary Certificate Examination (WASSCE)	2008

Skills

- ✓ Strategic Leadership and Team Management
- ✓ Civil and Structural Engineering
- ✓ Electrical and Electronics Engineering
- ✓ Construction and Project Management
- ✓ Structural Design and Engineering Analysis
- ✓ Electrical Installation and Maintenance
- ✓ Project Planning and Resource Management
- ✓ Analytical and Problem-Solving Skills
- ✓ Public Speaking and Communication
- ✓ Stakeholder Relations and Engagement
- ✓ Negotiation and Conflict Resolution
- ✓ Budgeting and Resource Management
- ✓ Technical Documentation and Reporting
- ✓ Health, Safety and Quality Compliance
- ✓ Organizational and Administrative Skills
- ✓ Teamwork and Collaboration
- ✓ Analytical and Problem-Solving Skills

Achievement & Award

MEMBER, INTERNATIONAL LIONS CLUB	SINCE 2014
MEMBER, NIGERIA SOCIETY OF ENGINEERS (NSE)	2026
DIRECTOR OF CAMPUS MOBILIZATION, NATIONAL ASSOCIATION OF NIGERIA STUDENTS (NANS)	2023
WELFARE DIRECTOR, NATIONAL ASSOCIATION OF NIGERIA STUDENTS SOUTH-WEST (NANS, ZONE D)	2021
ASSISTANT GENERAL SECRETARY, NATIONAL ASSOCIATION OF OSUN STATE STUDENTS (NAOSS)	2015

REFEREE

ENGR DR. ADEMOLA RIDWAN
CHIEF ENGINEER, MADETECH CONSTRUCTIONS
