LinkedIn: [linkedin.com/in/adetutu-oluwaseun-60baab17b](https://www.linkedin.com/in/adetutu-oluwaseun-60baab17b)

Experienced Electrical Engineer with a robust background in Electrical and Solar Engineering and over a decade of expertise in electrical and solar industry from planning with professional tailored solution, installation, commissioning, and site maintenance. Proven track record in end-to-end technical ownership of projects, ensuring strict compliance with commissioning standards and maximizing system uptime. Skilled in operating independently in remote locations, managing technical documentation, and collaborating with regional construction teams to ensure go-live readiness.

Experience

Client Service Manager

D Source Technical Enterprise | Lagos Nigeria | 2021 — Present

Senior Electrician

Sterling Oil Exploration & Energy Production Co. Ltd. (SEEPCO) | Victoria Island, Lagos | 02/2021 — 04/2024
