

KEHINDE GABRIEL DARE

Sango Ota, Ogun State, Nigeria
+234 806 793 6110 | dareg89@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented and analytical in electrical engineering with hands-on experience in electrical installation, power & machine, and PLCs Automation. Adept in interpreting circuit diagrams, troubleshooting, maintenance, and ensuring optimal equipment uptime. Strong team player committed to safety, quality, and continuous improvement in manufacturing environments.

CORE COMPETENCIES

- PLC Automation
- Electrical Wiring
- VFDs & Motor maintenance
- Power & Control Systems
- Circuit Diagram & Blueprint Analysis
- Microsoft Office Suite
- Team Collaboration & Communication

PROFESSIONAL EXPERIENCES

TOWER ALLOYS INDUSTRIES LIMITED, Ota Ogun State Nigeria

Electrical Technician (JS5) 2025 – Present

- Troubleshoot fault on PLC system.
- Correct and modify PLC logic to resolve operational issues.
- Diagnose faults in motor control centers, and instrumentation loops.
- Calibrate, test and troubleshoot field instruments such as weighing scale, sensors, transmitters, switches and gauges.
- Resolve Electrical problems using circuit diagrams and wiring blueprints.
- Installation and testing of various electrical component and panels till commissioning period.
- Inspect and supervise work done by junior colleges and external vendors.
- Ensure adherence to health, safety, and quality requirements.

TOWER ALLOYS INDUSTRIES LIMITED, Ota Ogun State Nigeria

Electrical Technician (JS3) 2021 – 2025

- Troubleshooting malfunctioning electrical machines and equipment's.
- Routinely inspecting electrical systems such as electrical lightings, circuit breakers, electric motors, power distribution panels and change over switch.
- Ensure that production lines are running effectively at all times and ensuring that downtime is drastically reduced.
- Installation and maintenance of LV Electrical process control panels and motor drives.
- Installation and maintenance of AC motors and drives.
- Conducting predictive, corrective and preventive maintenance on all electrical machines when due and ensure that all records are kept up to date in accordance with the maintenance procedure.
- Ensure adherence to health, safety, and quality requirements.

EDUCATION

Yaba College of Technology – Lagos State | HND in Electrical Engineering (Electronics Option)

2016–2018 – Upper Credit (CGPA: 3.14)

Yaba College of Technology – Lagos State | ND in Electrical Engineering

2012–2014 – Upper Credit (CGPA: 3.21)

Deniz Secondary School – Agbado, Ogun State | SSCE (National Examination Council)

2008

HOBBIES

Continuous learning, Technology exploration, hard working
