Objective

Results-driven and detail-oriented Food Science and Technology graduate with practical experience across production, food service operations, customer relations, sales, inventory control, logistics, and team coordination. I am seeking a challenging role in a growth-oriented organization where I can leverage my organizational, problem-solving, communication, and leadership skills to contribute meaningfully to business objectives while developing my professional capabilities.

Experience

- Transposec Hotel and Suites** November 2025 - Present
National Youth Service Corp Member
Served as an NYSC Corps Member while supporting daily hotel operations and customer service activities.
Processed customer payments and maintained accurate daily sales records.
Balanced daily sales accounts and reconciled cash transactions.
Attended to customers professionally and provided prompt and courteous service.
Monitored stock levels of food items and beverages and reported shortages when necessary.
Maintained cleanliness and hygiene within the sales and service area.
- Esbon Hotels** April 2025 - November 2025
Food and Beverage Supervisor
Supervised daily operations across the bar, kitchen, and restaurant, ensuring efficient service delivery.
Monitored and maintained accurate records of stock inflow, outflow, and inventory levels.
Conducted regular stock checks to minimize shortages, wastage, and losses.
Ensured meals and beverages were prepared in a clean, hygienic, and quality-controlled environment.
Participated in staff recruitment and interviews, supporting the selection of suitable employees.
Supervised staff performance and ensured excellent customer service and smooth day-to-day operations.
- BenChris Farms** June 2024 - January 2025
Production manager
Managed the processing of harvested cassava into garri, fufu, and dried cassava flakes, ensuring efficient production processes.
Supervised mechanized processing operations and the production of cassava by-products.
Operated and monitored cassava processing machinery to ensure efficient and consistent production.
Ensured proper handling, processing, and storage of raw materials and finished products.
Monitored production activities to maintain product quality, hygiene, and food safety standards.
Coordinated daily production activities and ensured efficient use of equipment, materials, and manpower.
- R&R Table water** February 2022 - July 2022
Industrial Training
 - Conducted routine water quality tests, including pH testing to assess water quality and ensure it met required standards
 - Assisted with water treatment processes-including monitoring and maintaining appropriate treatment procedures.
 - Collected and tested water samples and recorded test results accurately.

- Monitored water quality parameters and reported irregularities for appropriate corrective action.
- Supported daily operations to ensure the production of safe, clean, and quality treated water.

Education

- **Micheal Okpara university of Agriculture Umudike** 2017-2022
B.sc. Food science and technology
Second Class Upper

Skills

- Organization & Planning
- Communication
- Problem-Solving
- Teamwork
- Leadership
- Attention to Details

Projects

- **Final year Project:Effect of processing and storage on physiochemical, micronutrient , antioxidant, microbial and sensory properties of tomatoes pastes from fresh and stale tomato**
Conducted research and laboratory analyses to evaluate the effects of processing and storage on tomato paste quality.
Collected, analyzed, and interpreted experimental data and documented research findings.
- ****Food Processing & Equipment Development**
Participated in the fabrication and development of a juice mesh filter, bread baking pan, chin-chin cutter, solar dehydrator, and oven.
Participated in food production activities, including sweets production, applying practical knowledge of food processing, teamwork, problem-solving, and production operations.
