PROFESSIONAL SUMMARY

Computer Science graduate with hands-on training in Purple Team security, combining offensive (Red Team) and defensive (Blue Team) practices. Skilled with industry-standard tools for threat detection, security monitoring, vulnerability assessment, and penetration testing. A quick learner who is adaptable, detail-oriented, and eager to contribute effectively in a dynamic, security-focused environment.

EDUCATIONAL BACKGROUND

B.Sc. Computer Science

Michael Okpara University of Agriculture, Umudike (2018 – 2025)

West African Examination Certificate (WAEC)

Sunfab College, Lagos State (2009 – 2015)

First School Leaving Certificate

God's Will Nursery and Primary School (2002 – 2008)

CYBERSECURITY TRAINING

Cybersecurity Certificate (Offensive & Defensive Security) — Learn Factory

3-Month Intensive Program, 2025

Completed a comprehensive hands-on program covering both defensive (Blue Team) and offensive (Red Team) security practices, including threat detection, security monitoring, vulnerability assessment, and penetration testing.

TECHNICAL SKILLS

- **Defensive Security (Blue Team):** SIEM and log analysis with Splunk and Wazuh; intrusion detection and network monitoring with Snort and Suricata; security event monitoring and incident detection.
- **Offensive Security (Red Team):** Penetration testing with Metasploit; web application vulnerability scanning with Burp Suite and Nikto; network scanning and vulnerability assessment with Nmap.
- **Other Technical Skills:** Microsoft Office (Word, Excel, PowerPoint); basic web technologies; practice environments including Metasploitable.
- **Soft Skills:** Problem-solving, teamwork, and communication.

EXPERIENCE

IT Training & Freelance Support

- Performed vulnerability assessments and applied fixes to improve website security.
- Provided freelance repair solutions for common and advanced technical issues.
- Participated in team-based academic and technical projects.
