

FAVOUR OLUWAYANJU

Mechatronics Engineering

Ibadan, Nigeria | favouroluwayanju@gmail.com | 07043696856 | <https://www.linkedin.com/in/favour-oluwayanju>

SUMMARY

A passionate young Engineer with a strong background in automation, PLC programming, SCADA systems committed in developing innovative solutions. Excited to contribute to cutting edge projects and drive efficiency through automation.

WORK EXPERIENCE

Automation Engineer Intern

Nigerian Breweries Ibadan, Ibadan, Oyo state

April 2024 – July 2024

- Assisted in Troubleshooting faults in automated machinery which lead to 95% efficiency in the Plant.
- Monitored the SCADA system ensuring the Brewing and Packaging line ran effectively and efficiently leading to a significant increase in production.
- Collaborated with professional engineer and had technical discussions on solutions to breakdown in plants.

Design Studio Intern

University of Ibadan design studio, Ibadan

July 2024 – September 2024

- Developed 2 embedded system project and tested their functionality resulting in 85% efficiency.
- Troubleshoot faults in electrical components.
- Designed using additive and subtractive manufacturing machines and methods

EDUCATION

Certificate of National Service

National Youth Service Corps, Oyo state

2025 – 2026

B.Eng in Mechatronics Engineering

Federal University Oye-Ekiti, Ekiti state

2020 – 2025

Graduated with a CGPA of 4.42 / 5.0

SKILLS

- Analytical and Problem Solving
- Technical communication
- Project management

CERTIFICATIONS

- HSE 1,2& 3 certification

- Project Management certification

LANGUAGES

- English
- Yoruba

HOBBIES AND INTEREST

- Taking courses relevant to my field of expertise.
- Attending conferences relevant to my field.
- Volunteering at conferences.
