Digit Prints and Brands, Lagos, Nigeria

2012 - 2015

- Designed print-ready artwork in CorelDRAW and Adobe Photoshop for brochures, flyers, banners, packaging, and branded merchandise, ensuring accurate color profiles (CMYK), bleed settings, and resolution standards for high-quality production output.
- Collaborated with clients and account managers to translate briefs into visual concepts using CorelDRAW and Photoshop, revising designs based on feedback to meet brand guidelines and project deadlines.
- Managed multiple design projects simultaneously across CorelDRAW, prioritizing workload for print and digital deliverables while maintaining consistent quality and turnaround time.
- Prepared and proofed press-ready files in CorelDRAW for large-format and offset printing, coordinating with the production team to troubleshoot pre-press issues (color separation, trapping, imposition) and reduce costly reprints.
