Phone: +2347067976227 | **Email:** iliaskareem555@gmail.com

Address: Esinkin's Compound, Erin Ile, Kwara State, Nigeria

PROFESSIONAL SUMMARY

Highly skilled and results-driven Maintenance Supervisor and Electrical Electronics Engineer with over a decade of progressive experience managing high-volume facility operations, process plant machinery, and industrial automation. Proven track record leading multi-skilled technical teams to maximize production uptime, maintain strict cold chain integrity, and ensure 100% compliance with OSHA, FDA, and HACCP standards. Expert in optimizing multi-disciplinary infrastructure across electrical, mechanical, plumbing, and HVAC systems using proactive asset management and data-driven root cause analysis.

CORE SKILLS

- **Technical:** Fault Troubleshooting, Root Cause Analysis, Equipment & Facility Maintenance, Industrial Automation, High/Low-Voltage Wiring, Preventive & Predictive Maintenance (PPM).
- **Leadership:** Team Management, Work Order Allocation, Subcontractor Coordination, Technical Writing, Employee Coaching & Training.
- **Compliance & Quality:** Safety Policy Enforcement, OSHA/FDA/HACCP Regulations, Quality Assurance, 5S Standards, Data Analysis.
- **Tools & Systems:** Microsoft Office Suite, PLC Field Devices, Three-Phase Motors, CCTV & Solar System Installations, Network Infrastructure.

WORK EXPERIENCE

Maintenance Supervisor | LSG Sky-Chef Thingsremembered

July 2026 – Present

- **HVAC & Industrial Refrigeration:** Oversaw large-scale walk-in freezers, blast chillers, and AHUs to ensure continuous cold chain uptime and strict FDA/HACCP compliance.
- **Electrical & Automation:** Troubleshot automated catering conveyor lines, high-speed sorting systems, industrial kitchen equipment, and emergency backup power systems to eliminate production disruptions.

- **Mechanical & Fleet Maintenance:** Executed preventive maintenance schedules on high-volume food packaging machinery, loading dock levelers, and hydraulic high-lift catering trucks.
- **Plumbing & Utility Infrastructure:** Managed commercial grease traps, drainage networks, steam boilers, compressed air systems, and water filtration quality standards.
- **Safety & Team Leadership:** Led a shift of multi-skilled maintenance technicians, assigned daily work orders, and strictly enforced OSHA safety regulations.

Electrical Technician | International Greemembers Limited

February 2026 – July 2026

- **System Testing & Commissioning:** Installed, tested, and commissioned three-phase electric motors, field devices, and critical industrial electrical machinery.
- **Fault Diagnostics:** Identified, troubleshooted, and resolved complex electrical issues across facility systems, drastically lowering machine downtime.
- **Routine PPM Execution:** Conducted routine checks and proactive maintenance schedules on electrical systems to ensure safety code alignment.
- **Cross-Functional Collaboration:** Partnered with production teams to immediately resolve live electrical faults and maintain continuous facility output.
- **Documentation:** Formulated and preserved detailed technical records tracking maintenance schedules, repairs, and infrastructure changes.

Process Plant Technician | Segilola Resources Operating Limited (Thor Exploration Limited)

December 2022 – July 2025

- **Equipment Supervision:** Monitored the operation of large-scale gold processing plant equipment and heavy machinery to ensure strict adherence to performance procedures.
- **Breakdown Recovery:** Executed rapid fault troubleshooting and mechanical repairs during major emergency breakdowns to safeguard production continuity.
- **Process Optimization:** Analyzed operational data to isolate inefficiencies, implementing process modifications that boosted manufacturing safety and quality.
- **PPM Scheduling:** Spearheaded Planned Preventive Maintenance (PPM) campaigns within tight windows to maximize asset life and minimize unexpected plant failure.
- **Inventory Control:** Coordinated technical material requests and resource allocation to eliminate workflow delays while enforcing strict waste-reduction protocols.

- **Workforce Leadership:** Trained, coached, and motivated teams of subordinates, fostering 5S housekeeping standards and safety compliance.

Process Plant Operator | Segilola Resources Operating Limited (Thor Exploration Limited)

September 2021 – December 2022

- **Equipments Calibration:** Setup, calibrated, and operated precise process plant automated systems according to rigorous industrial specifications.
- **Quality Inspections:** Inspected output products for anomalies, adjusting machinery metrics immediately upon identifying defects to achieve zero-fault quality goals.
- **Performance Monitoring:** Tracked machine outputs and computerized metrics to sustain optimal operational baselines.
- **Data Archiving:** Documented rigorous production profiles, detailing deviations, materials utilized, and final production counts.

Maintenance Supervisor | C&N Investment Limited

February 2020 – September 2021

- **Resource Scheduling:** Scheduled maintenance materials, workers (Plumbing, HVAC, Electrical, and Mechanical technicians), and heavy equipment to secure project completion on deadline.
- **Workflow Allocation:** Managed daily task allocations for construction teams and sub-contractors, analyzing workflow bottlenecks to realign job sequences.
- **Reporting & Analysis:** Generated structural maintenance status reports for executive management, outlining operational problems and data-driven solutions to boost plant productivity.
- **Emergency Interventions:** Participated actively in complex diagnostic and repair operations for major equipment breakdowns.

Electrical Technician (NYSC) | Bungudu Local Government Secretariat

December 2016 – October 2017

- **Facility Infrastructure:** Responsible for the wiring, installation, and maintenance of electrical fixtures, appliances, and facility illumination networks.
- **Activity Tracking:** Logged and cataloged localized maintenance requests and completed tasks for municipal records.

EDUCATION

- **Higher National Diploma (HND): Electrical Electronics Engineering**
Osun State College of Technology (OSCOTECH), Esa Oke, Osun State, Nigeria | *January 2016*
- **Ordinary National Diploma (OND): Electrical Electronics Engineering**
Abdul-Gusau Polytechnic, Talata-Mafara, Zamfara State, Nigeria | *July 2012*

CERTIFICATIONS & LICENSES

1. **Advanced Diploma:** Process Plant Principles and Operations (2023)
2. **Trade Test Certificate:** Electrical Works – Federal Ministry of Labour and Employment, Nigeria (2023)
3. **Diploma:** CCTV and Solar System Installation and Service (2025)
4. **Diploma:** Computer Networking – Federal Ministry of Information / NAKEL (2016)
5. **Certificate of Apprenticeship:** Electrical Wiring Installation and Maintenance (2012)

REFEREES

- **Mr. Alabi Abayomi** | Federal High Court of Justice | Phone: +2348162424666
- **Mr. Alade Mashood** | Osun State College of Technology | Phone: +2348037789743
