WORK EXPERIENCE

Teacher — NYSC Programme

Bentonville Schools, Adesa, Delta State | 2025–2026

- Taught Physical and Health Education (PHE) and Basic Science to students.
- Prepared lesson notes, classroom activities, and assessments in line with the school curriculum.
- Monitored students' academic progress and provided appropriate support.
- Maintained an organized and positive learning environment.
- Collaborated with other teachers and school staff in carrying out school activities.
- Developed strong skills in communication, teamwork, classroom management, and student engagement.

Industrial Trainee — SIWES

Farmex Meyer Limited

- Worked across the Chemistry, Microbiology, and Tableting sections.
- Assisted with laboratory procedures, water quality analysis, microbiological testing, and quality-control activities.
- Performed equipment calibration and supported documentation and quality checks.
- Conducted tests for pH, iron, chlorine, and other water parameters.
- Assisted in identifying bacteria and fungi in pharmaceutical samples and operated laboratory equipment such as pH meters, autoclaves, and incubators.
- Participated in tablet production monitoring, documentation, and quality checks to ensure compliance with production standards.

FINAL YEAR PROJECT

Knowledge and Practices of Environmental Hygiene among Residents of Moro Local Government Area, Kwara State

Conducted a community-based study to assess environmental hygiene knowledge and practices among residents. The project involved community diagnosis, field data collection, questionnaire administration, observation, data analysis, and report writing. Findings highlighted challenges such as poor waste disposal practices, limited sanitation awareness, and environmental health risks. Recommendations focused on community health education, improved waste management systems, and stronger environmental monitoring.

CORE SKILLS

Research and Data Analysis • Data Collection and Survey Administration • Health Promotion and Education • Observation and Documentation • Report Writing • Teamwork and Collaboration • Communication Skills • MS Word Proficiency • Community Health Mobilization • Environmental Health Assessment • Laboratory Support Activities • Public Health Awareness Activities

CERTIFICATES / TRAINING

Enterprise Creation • Skill Acquisition • Career Fair and Exhibition

PERSONAL ATTRIBUTES

Honest and Reliable • Fast Learner • Good Interpersonal Skills • Strong Work Ethic • Detail-Oriented • Adaptable and Self-Motivated

PERSONAL INFORMATION

Date of Birth: 15 July 2003 | State of Origin: Osun State | Nationality: Nigerian
Languages: English (Fluent), Yoruba (Basic)

HOBBIES & INTERESTS

Community Volunteering • Research and Data Analysis • Fitness and Well-being
