

MOSES OMORUYI

Pharmacy Professional | Healthcare Operations

PROFESSIONAL SUMMARY

Healthcare professional with a BSc in Pharmacology and 3+ years of hands-on experience across community pharmacy and clinical settings. Skilled in dispensing operations, inventory control, patient-facing support, and pharmacy administration. Brings a strong compliance mindset, cross-functional coordination ability, and a track record of improving stock availability and reducing operational errors. Certified in Data Analytics and Product Management with additional training in six other disciplines.

RELEVANT EXPERIENCE

Pure Life Pharmacy, Lagos

Aug 2024 – Apr 2026 | *Pharmacologist (Pharmacy Operations)*

- Led daily dispensing operations including medication review, preparation, labeling, and final verification, ensuring accurate documentation and safe patient handover across 50+ daily transactions.
- Coordinated inventory ordering, stock counts, and expiry tracking routines, reducing stock-outs and wastage through tighter monitoring and proactive reordering.
- Supported onboarding and training of new pharmacy staff on dispensing procedures and inventory routines, improving consistency and reducing handling errors.

Chemart Pharmacy, Lagos

Sep 2023 – Aug 2024 | *Pharmacy Assistant (Interim Branch Manager)*

- Managed customer-facing support including product guidance, prescription referrals, and complaint resolution while processing POS transactions and maintaining accurate daily sales and expense records.
- Oversaw operational routines including stock monitoring, shelf organisation, and safe storage housekeeping to ensure compliance with basic pharmaceutical standards.
- Supported monthly sales reporting and fast-moving product tracking, providing management with actionable data on inventory trends and sales performance.

Additional Experience

Model Primary Healthcare, Rivers State

Jun 2022 – May 2023 | *Pharmacy Assistant (NYSC)*

- Supported pharmacy operations including inventory management, cashiering, and customer service in a clinical healthcare setting serving patients across multiple departments.
- Maintained accurate patient information and dispensing support records to improve traceability, and flagged potential medication concerns to the responsible clinician per facility protocol.

EDUCATION

Delta State University, Abraka

Bachelor of Science, Pharmacology
