

ADOMEH SAMSON JESUWAME

Pharmacology Graduate | Quality Assurance

samsonadomeh661@gmail.com | +234 901 838 5389 | Lagos, Nigeria

PROFILE

Pharmacology, Therapeutics and Toxicology graduate (Second Class Upper Honours) with over a year of industrial training in the quality assurance department of a pharmaceutical manufacturing company. Handled SOPs and supported day-to-day QMS work, including CAPA, deviations, change control, OOS and OOT investigations, qualification and validation, and batch document review. Careful with records and documentation and used to working to GMP requirements.

PHARMACEUTICAL INDUSTRY EXPERIENCE

Industrial Training (SIWES), Quality Assurance | 2025 - 2026

Pharmatex Industrial Limited, Lagos

- Handled SOPs: [drafting / reviewing / revising - keep only what you did], covering [number] SOPs.
- Assisted with CAPA records, including [deviation follow-up / root cause investigation / corrective action tracking - keep only what you did].
- Supported in carrying out QMS activities including change control, deviations, market complaints, OOS and OOT investigations, returned goods, product recall and quality risk management.
- Assisted with the preparation and review of quality documents (SMF, VMP, Quality Manual), quality and technical agreements, and QMS trend reports.
- Took part in equipment and instrument qualification and in process and cleaning validation under ICH Q7.
- Supported in reviewing test reports and COAs before batch release, and supported dispatch coordination and APQR preparation.
- Followed GMP requirements in daily work, including in the Dispensing Unit, with accurate and traceable records.

Community Pharmacy, Dispensary and Sales Support | 2019 - 2022

Badagry, Lagos State

- Assisted with dispensing under supervision and kept stock records accurate.
- Checked stock levels, flagged low-stock and near-expiry items using FIFO/FEFO, and supported inventory reconciliation.
- Handled point-of-sale transactions and customer service.

RESEARCH EXPERIENCE

Undergraduate Dissertation | 2025 - 2026

Department of Pharmacology, Therapeutics and Toxicology, LASUCOM | Supervisor: Dr. Sunday O. Ogundele

In Silico Evaluation of Phytochemicals from Selected Nigerian Medicinal Plants as Potential Hepatoprotective Agents Against Drug-Induced Liver Injury

- Ran toxicity prediction (ProTox 3.0) and ADMET and drug-likeness profiling (SwissADME).
- Documented every step from data retrieval (PubChem, RCSB PDB) to final results.

Research and Dissertation Support | 2025 - 2026

- Managed systematic review documentation, including PRISMA flow diagrams, deduplication and repeated accuracy checks across revisions.
- Supported statistical analysis and results reporting for several research projects.

EDUCATION

B.Sc. Pharmacology, Therapeutics and Toxicology | 2022 - 2026

Lagos State University College of Medicine (LASUCOM), Ikeja, Lagos

Second Class Upper Honours | CGPA 3.84/5.00

Senior School Certificate (NECO) | 2022

Kankon Senior Secondary School, Badagry, Lagos State. Credit or above in all 9 subjects, including Chemistry (A1) and Mathematics (B2).
