PROFESSIONAL SUMMARY

Dedicated and adaptable Assistant Lecturer in Political Science with proven expertise in supporting undergraduate and postgraduate teaching. Skilled in developing engaging course materials, facilitating small-group tutorials, and providing one-on-one academic mentoring to enhance student learning. Experienced in grading and assessment, coordinating seminars, and contributing to curriculum review and research initiatives. Committed to fostering an inclusive classroom environment and continuously refining pedagogical approaches to meet diverse learner needs.

WORK EXPERIENCE

ASSISTANT LECTURER

JAN 2021 – DEC 2023

Department of Political Science (Delta State University Abraka) • Abraka Delta State, Nigeria

- Facilitated tutorial sessions, small group discussions, and review classes to reinforce lecture content.
- Provided academic support and guidance to students during office hours and via email.
- Graded assignments, quizzes, and exams under the supervision of the course lecturer.
- Conducted literature reviews and contributed to departmental research projects and publications.
- Supported administrative tasks such as organizing seminars, preparing course outlines, and managing class records.
- Participated in departmental meetings and contributed to curriculum planning and academic improvement initiatives.
- Maintained up-to-date knowledge of political science theories, global political trends, and teaching methodologies.
- Designed curriculum and lecture notes tailored to national and ECOWAS policy frameworks.
- Collaborated with faculty members on curriculum development and departmental policy reviews.

AGRICULTURAL ASSISTANT (RICE PRODUCTION)

JAN 2022 – JAN 2023

NYSC Amas Rice Farm • Kaduna State, Nigeria

- Executed rice transplanting and direct seeding operations, ensuring accurate row spacing and optimal plant density.
- Conducted routine crop management tasks including hand weeding, mechanical weeding support, and pest scouting to maintain plant health.
- Monitored and managed irrigation schedules, operated pumps and canal gates to deliver water at critical growth stages.

- Assisted with fertilizer and soil amendment applications according to prescribed nutrient plans.
- Supported harvesting efforts through manual cutting, bundling, and supervising combine harvester operations.
- Cleaned, maintained and performed basic repairs on farm implements and machinery to ensure operational readiness.
- Recorded daily field activities and crop performance metrics to aid agronomic decision-making.
- Adhered to safety, environmental and biosecurity protocols to protect workers, crops and surrounding ecosystems.
