

OJO FAITH OLUSEGUN

Address: Osogbo, Osun State

Email: Ojofaitholusegun69@gmail.com | **Phone:** 09032353825

OBJECTIVES

Site-focused Civil Engineer with hands-on experience in road construction, residential buildings, and drainage systems. Skilled in site supervision, material testing, and AutoCAD design. Able to coordinate site activities, manage workers, and ensure compliance with engineering standards and project specifications.

PROFESSIONAL EXPERIENCE

Site Engineer (Freelance Projects)

Osogbo, Osun State

May 2024 – Present

- Supervised construction of a 1km community access road including clearing, grading, and compaction works.
- Oversaw construction of drainage systems (side drains and culverts) to improve stormwater control.
- Coordinated daily activities of site workers and ensured work was carried out according to specifications.
- Monitored project progress and reported updates and challenges to clients.
- Recommended suitable construction materials to improve durability and reduce cost.

Site Engineer (Part-Time / Freelance)

Ogbomosho, Oyo State

Aug 2022 – Aug 2023

- Assisted in structural works for a student hostel project at LAUTECH.
- Supported load calculations and reinforcement detailing for beams and columns.
- Supervised site operations and ensured compliance with engineering drawings.
- Conducted concrete cube tests and soil compaction checks, (Geotechnical Laboratory, Civil Engineering Department, Ladoke Akintola University of Technology).
- Monitored curing process of concrete after casting.
- Carried out inspection of reinforcement works for beams, slabs, and columns.

Junior Site Engineer (Freelance Projects)

Ede, Osun State

Mar 2022 – Jun 2022

- Worked with local contractors on residential building projects.

- Prepared structural drawings and assisted with load calculations.
- Supervised the construction of a four – bedroom building including foundation and structural elements.
- Produced AutoCAD drawings to guide construction activities.

Civil Engineer Intern (Volunteer)

Osogbo, Osun State

Ministry of Works and Infrastructure

Sept 2020 – Dec 2020

- Assisted Engineers in site inspections and monitoring of government infrastructure projects.
- Participated in supervision of road construction works.
- Supported preparation of Bill of Engineering Measurement and Evaluation (BEME).
- Helped in coordinating site activities and monitoring worker performance.

EDUCATION

LADOKE AKINTOLA UNIVERSITY OF TECHNOLOGY, (LAUTECH)

Ogbomosho, Nigeria

- Bachelor of Technology in Civil Engineering (Hons.)
(Second Class Lower Honours)

Sept 2018 – Mar 2024

NYSC (National Youth Service Corps)

Status: Completed (November 2025)

SKILLS

- **Technical:** AUTOCAD, Microsoft Projects, Autodesk Revit, ProtaStructure, Microsoft Office Packages, Adobe Premiere Pro.
- **Engineering:** Project Management, Structural and Design, Highway Design, Hydraulic Analysis, Material Testing.
- **Interests:** Civil Infrastructure Resilience, Infrastructure Risk Assessment, Sustainable Construction Materials, Application of Data Science in Civil Infrastructure Design.

LEADERSHIP EXPERIENCE

Academic Coordinator | Baptist student fellowship

CERTIFICATION

Autodesk Certified Associate

AFFILIATIONS

- | | |
|--|------------|
| • Graduate Member Nigeria Society of Engineers (GMNSE) | April 2024 |
| • Graduate Member Nigeria Institution of Civil Engineers | April 2024 |
| • Member Nigerian Universities Engineering Student Association | March 2022 |
