SUMMARY

Result-driven Criminology and Security Studies graduate with 3+ years practical experience in Fraud Prevention, Criminal Investigation, Risk Management, and Security Operations. Currently serving as Risk and Security Management Officer at Africa Foundarie Limited, Ogijo, Ogun State since 2023. Proven ability to investigate incidents, prevent fraud, conduct risk assessments, and secure lives and organizational properties. Detail-oriented, ethical, and skilled in evidence gathering, report writing, and implementing security controls. Seeking a role in Fraud, Risk, or Corporate Security where I can reduce losses and strengthen organizational safety.

EXPERIENCE

Risk and Security Management Officer
Africa Foundarie Limited, Ogijo, Ogun State

- Lead security operations for the protection of staff, assets, and company properties across 3+ years of service
- Conduct daily risk assessments and security audits to identify vulnerabilities and recommend corrective actions
- Investigate cases of theft, fraud, and misconduct; gather evidence, interview suspects, and prepare detailed investigation reports for management
- Developed and implemented fraud prevention strategies that minimized internal losses and strengthened controls
- Monitor CCTV systems, conduct patrols, and enforce access control to prevent unauthorized entry and criminal activity
- Train employees on security protocols, fraud red flags, and emergency response procedures
- Liaise with law enforcement agencies and ensure proper documentation and follow-up on all security incidents
- Maintain accurate security logs and ensure 100% compliance with company safety policies
