

OJO DAVID JOSEPH

Address: Plot 64, 315 Road, Federal Housing Estate, Kubwa, Abuja, Nigeria
Phone: 08138874856 | 08165884227 | Email: ojob9848@gmail.com

PERSONAL DATA

Date of Birth: 12th April 1992 | **Gender:** Male | **Marital Status:** Married
State of Origin: Ekiti State | **L.G.A:** Ido Osi | **Nationality:** Nigerian

PROFESSIONAL SUMMARY

Competent and safety-conscious **Civil Engineer (HND, PGD In-View)** with extensive field engineering experience delivering major infrastructure, road construction, and structural developments across Nigeria. Demonstrates deep expertise in handling large-scale earthworks, heavy-duty rigid pavements, urban drainage channelization, and residential/commercial facility installations. Adept at interpreting complex architectural and structural designs, supervising multi-disciplinary technical teams, implementing rigid material quality control, and enforcing strict industrial safety codes on-site. Driven by innovation, excellence, and a commitment to achieving set targets safely and within demanding schedules.

CORE COMPETENCIES & TECHNICAL SKILLS

- Highway & Infrastructure Engineering:** Rigid/Flexible pavement construction, geometric road alignment, earthworks (clearing, filling, compaction), and CBR quality tracking.
- Hydraulics & Drainage Structures:** Excavation and installation of precast Ring Culverts (RCC), cast-in-situ reinforced concrete Box Culverts, and local storm drainage networks.
- HSE Compliance:** On-site risk assessment, hazard identification, tool box talks, accident prevention protocols, and industrial safety compliance tracking.
- Structural Setout & Supervision:** Setting out columns, beams, foundations, slabs, and commercial sanitary blocks.
- Material Quality Control:** Field soil testing (moisture analysis, particle size distribution), concrete slump testing, and comprehensive concrete curing protocols.
- Software Competencies:** Computer-Aided Design (AutoCAD), Civil 3D, and Microsoft Office Suite.
- Soft Skills:** Project Management, Problem Solving, Leadership, Interpersonal Communication, and Site Operations Coordination.

PROFESSIONAL EXPERIENCE

ABUJA STEEL MILLS & PARAS ENERGY | Abuja / Niger Axis

Position: Site Engineer | Duration: 2024 – Till Date

- Key Focus:** Supervised the extensive road construction and civil infrastructure expansion projects for the massive Abuja Steel Mill industrial park footprint.
- Managed the construction of heavy-duty, reinforced rigid pavement internal access roads designed to withstand constant traffic from multi-ton scrap metal and steel coil logistics trucks.
- Overseered large-scale earthworks operations, including clearing, grabbing, filling, and compaction control (ensuring proper California Bearing Ratio - CBR values).

- Supervised the alignment, excavation, and installation of complex perimeter drainage networks, featuring cast-in-situ reinforced concrete box culverts to mitigate site flooding.
- Coordinated with batching plant operators to ensure the concrete grade and slump tests met exact load-bearing structural design specifications before paving.
- Ensured 100% adherence to strict industrial HSE regulations during heavy machinery movements and paving operations.

BEEDEL CONSTRUCTION | Ibadan / South-West Region

Position: Site Engineer | Duration: 2022 – 2024

- Managed day-to-day site operations for diverse civil engineering and structural contracting projects handled by BEEDEL Construction.
- Interpreted structural and architectural blueprints to set out columns, beams, foundations, and slab levels accurately.
- Supervised sub-contractors and artisans on-site, optimizing material utilization and reducing concrete wastage by 15% across assigned building projects.
- Conducted regular structural inspections, recorded daily site logs, and prepared progress evaluation reports for senior project managers.
- Sourced and verified high-quality locally produced materials, ensuring all sand, cement, and rebar deliveries met project specifications.

GREENLAND ENGINEERING | Jos, Plateau State

Position: Site Engineer | Duration: 2021 – 2022

- Assisted senior engineers in structural design layout modifications using AutoCAD software.
- Supervised the successful installation and structural alignment of precast Reinforced Concrete (RCC) Ring Culverts.
- Participated actively in the layout setting out, plumbing tracking, and construction of an eight-compartment commercial washroom and bath facility.
- Enforced rigorous concrete structural integrity measures by ensuring continuous curing for the required number of days across all active elements.
- Carried out level tracking and field measurements for local drainage channelizations and rural road rehabilitation tracking.
- Participated in preparing structural estimations, material schedules, and preliminary Bill of Quantities (BoQ) for community engineering projects.
- Conducted basic field laboratory soil tests, including moisture content analysis, particle size distribution, and compaction testing.

GOLDEN STEEL AND CONSTRUCTION | Abuja

Position: Site Engineer | Duration: 2019 – 2021

- Managed structural site tracking, personnel schedules, and materials allocation for building and steel installation projects.
- Supervised foundational works, rebar cutting/bending schedules, and alignment checks before concrete pouring.
- Ensured structural accuracy of grid lines and levels matching architectural designs.

SPRING INFORMATION OUTREACH | Remote

Position: Project Manager | Duration: 2025

- Coordinated team workflows, tracked project scope milestones, and managed cross-functional communications to deliver organizational targets.

STL GLOBAL INC. | Remote

Position: Office Assistant | Duration: 2026

- Handled administrative documentation processing, scheduled logistics tracking, and managed internal registry databases.

EDUCATION

Postgraduate Diploma (PGD) in Civil Engineering | In-View

University of Abuja, FCT, Nigeria

Higher National Diploma (HND) in Civil Engineering Technology | 2023

Federal Polytechnic, Nasarawa, Nigeria

National Diploma (ND) in Civil Engineering Technology | 2019

Kwara State Polytechnic, Ilorin, Kwara State, Nigeria

Senior Secondary School Certificate (SSCE) | 2013

Okoto Community Grammar School

First School Leaving Certificate (FSLC) | 2006

Hassan Dallatu Primary School

REFEREES
