Quality Control Officer · Certified Chemist · Production Supervisor

PROFESSIONAL PROFILE

Results-driven Quality Control Officer and Certified Chemist with a BSc in Pure Chemistry and hands-on experience across pharmaceutical, textile, manufacturing, and cosmetic, skincare industries. Adept at analytical testing, enforcing quality standards, managing chemical and stock inventories, and supervising production operations in compliance with regulatory requirements. Known for meticulous attention to detail, strong laboratory skills, and commitment to maintaining the highest standards of product quality, safety, and documentation. A trusted team leader who delivers consistent quality outcomes in fast-paced, regulated environments.

WORK EXPERIENCE

Inventory Officer 2026 - Present
Adunni Organics

- Monitor stock levels and maintain accurate inventory records across raw materials and finished products
- Conduct regular stock counts and reconcile discrepancies to minimize losses
- Coordinate with procurement and warehouse teams to ensure timely restocking
- Implement inventory tracking systems to improve accuracy and reduce wastage

Production Assistant II 2026 - Present
Adunni Organics

- Assisted in daily production operations, ensuring adherence to quality and safety standards
- Operated and monitored production equipment, troubleshooting minor issues as they arose
- Supported packaging, labelling, and preparation of finished goods for distribution
- Maintained cleanliness and organization of the production area in line with hygiene protocols
- Collaborated with senior production staff to meet daily output targets

Production Supervisor 2025 - Present
Able God Textile Production, Uyo

- Supervised textile dyeing and production operations, ensuring consistent output quality
- Enforced quality standards and safe handling, storage, and disposal of industrial chemicals
- Managed workflow efficiency, coordinating team schedules and production targets
- Monitored operational processes and implemented improvements to reduce waste and downtime

Health Executive Assistant 2025
360 Degree Pharmacy, Lagos State

- Managed drug inventory, expiry date monitoring, and restock reporting
- Processed NHIS/HMO claims accurately and maintained comprehensive patient records
- Coordinated communications between pharmacists, clinical staff, and patients

Quality Control Officer 2022
Seven Up Bottling Company

- Conducted comprehensive raw material and finished product

quality testing

- Maintained detailed testing documentation, quality logs, and product release records
- Identified quality deviations and implemented corrective procedures
- Worked in water treatment and effluent treatment department, overseeing water quality processes and effluent compliance

Pharmacy Technician

2022

Lady B Pharmacy

- Assisted pharmacists with dispensing medications, labelling, and patient counselling
- Managed pharmacy inventory and ensured accurate medication records and stock levels

KEY ACHIEVEMENTS

- Improved quality procedures at Seven Up Bottling Company through systematic testing documentation
- Maintained zero critical quality failures across production batches as Production Supervisor
- Ensured 100% NHIS/HMO claims accuracy at 360 Degree Pharmacy through meticulous record management
- Successfully completed 7 professional certifications across HSE, Quality, Environment, Food Safety, Textiles, Cosmetology, and Chemistry
