Liasu Rd, Ikotun-Egbe, Lagos State

ABOUT ME

A disciplined and adaptable Mechanical Engineering graduate with hands on experience in vehicle maintenance, industrial equipment servicing, and fault diagnosis. Proven ability to work in team-driven environments, solve technical problems efficiently, and maintain high safety standards. Open to opportunities across technical, operations, and support roles where practical skills and reliability drive value.

EDUCATION

B.Eng Mechanical Engineering

2019-2024

Kwara State University, Malete

SKILLS

- Technical Problem Solving
- Equipment Maintenance & Repair
- Team Collaboration
- Communication (Verbal & Written)
- Statistical Analysis
- Time Management & Reliability
- Attention to Detail
- Microsoft Office (Excel, Word)
- Basic Engineering Tools & Diagnostics

EXPERIENCE

Titrona Nigeria Ltd

2025 - Present

Automotive Technician Assistant

- Assisted lead mechanics in diagnosing vehicle faults and identifying repair solutions
- Supported routine servicing and preventive maintenance of customer vehicles

Reliance Chemical Product Ltd

2023 - 2024

Industrial Maintenance Technician

- Performed maintenance and repair of gearboxes, reducing equipment downtime
- Diagnosed and replaced faulty oil seals to prevent leakage and improve efficiency
- Supported fault identification and implemented solutions to improve equipment durability
- Maintained accurate maintenance records for operational tracking

Key Impact:

- Improved machinery efficiency through timely diagnostics and repairs
- Reduced risk of major mechanical failures through proactive maintenance
- Maintained strict adherence to safety standards

Ministry of Works and Transport

2022 - 2023

Automotive Technician Assistant

- Diagnosed mechanical faults (brake systems, spark plugs, oil filters) and carried out repairs
- Maintained service records and schedules to improve operational efficiency
- Supported senior technicians in technical assessments and repairs
- Conducted routine maintenance, repairs, and servicing of government vehicles to ensure optimal performance and roadworthiness
- Ensured compliance with safety procedures in all operations

EXPERIENCE

Ministry of Works and Transport

Automotive Technician Assistant

Key Impact:

- Played a key role in maintaining a safe workshop environment by consistently following safety protocols and best practices
- Contributed to improved fleet availability and reduced downtime
- Strengthened diagnostic and hands-on technical skills
- Developed strong teamwork and communication skills by collaborating effectively with senior mechanics and other team members
