Employment History

Forthright Securities and Investment Limited | Lagos, Nigeria

March 2025 – Present

Treasury & Investment Analyst

- Prepared monthly Net Liquid Capital (NLC) computation in line with Securities and Exchange Commission (SEC) and Nigerian Exchange (NGX) regulatory requirements, ensuring full compliance with established benchmarks and reporting standards.
- Performed daily treasury operations by executing client deposits, processing outward payments, and managing the corporate petty cash fund while maintaining strict adherence to internal control processes.
- Analysed and resolved complex transaction and trade settlement discrepancies through effective collaboration with clearing houses and counterparties, thereby reducing operational risk and improving transaction accuracy.
- Performed detailed bank reconciliations across multiple corporate and client settlement accounts, identifying variances promptly and maintaining a high level of ledger accuracy and financial integrity.

Forthright Properties Limited | Lagos, Nigeria

March 2024 – Feb 2025

Finance & Accounting Intern (NYSC)

- Maintained accurate daily financial records by systematically tracking and recording corporate transactions, ensuring a clear audit trail and reliable financial documentation.
- Performed routine monthly bank reconciliations by identifying and resolving discrepancies, thereby maintaining the accuracy and integrity of cash balances and overall financial data.
- Conducted targeted financial and market research to support management decision-making, including evaluating property asset values and monitoring relevant industry trends.

Skills

- Proficient in application of Microsoft Excel, Power Bi, Microsoft Word, PowerPoint, and other digital tools.
- Excellent in regulatory compliance, financial research, data verification, and discrepancy resolution.
- Adaptability, attention to detail, and collaborative skills.
- Possess an understanding of various ERPs such as QuickBooks, SAGE 50, and Microsoft Dynamics.
